What is Windows Hello?

No need to remember passwords anymore. Use the fingerprint reader and Windows Hello recognises you instantly. You can always keep a PIN as a backup.

What is Cortana?

Cortana is your built-in personal assistant, designed to help you get things done.

Exponentially Increase Your Battery Backup Time

Introducing the Centurion RT, True Online Double Conversion UPS

As PowerShield's highest single phase power density UPS, this sophisticated range will provide the most comprehensive protection for mission critical devices such as sensitive networks, computers, servers, telecom applications, as well as industrial applications.

The Centurion RT stands in a class of its own, as a world leading UPS technology and offers expandability allowing you to extend your run time by simply adding extra external battery banks. Its versatile design allows it to work as a tower or rack mounted in a cabinet.

Centurion 2000 RT UPS

SNMP card slot

Offers and prices are available until 30/06/2019 or until stocks last. Details correct at time of printing. We reserve the right to correct errors or misprints and to change product specifications. Stocks may vary from store to store. Delivery may be slightly longer in some country areas due to courier delays. Freight charges may apply in some country areas. Onsite Warranty only covers systems (excludes peripherals and software). 12-24 months return base warranty on notebooks, extended warranty available. 12 month warranty on batteries in notebooks and tablets. Prices may subject to change without notice. E&EO. Pictures are only for illustrative purposes. Supplied product may appear different. Actual colours may vary slightly to printed colour. Accessories are for display purposes only and are not included unless specifically nominated. All products are advertised in good faith and will be available except in circumstances beyond our control. Despite our careful planning, we apologise if selected items may sell out quickly due to unexpected high demand. Intel NUC's are barebone units only and require storage and memory to be added.
